SUMMARY

I am a motivated full-stack Developer and a skilled individual seeking new opportunities in IT and an experienced Software Specialist with a demonstrated history of working in the computer software industry, I have an understanding of many programming languages including Php, JavaScript, Java, Dart plus HTML and CSS with Strong media and communication professional. I have worked with a large distributed team of developers to maintain and improve company projects. I'm passionate about continuously learning from the IT field and Supporting people to solve their technical problems.

EDUCATION

NATIONAL UNIVERSITY OF RWANDA   **Kigali, Rwanda**
Bachelor in Information Technology   **2018 - 2022**
- Relevant coursework*:* Project Management, System Analysis, Data Structure, Database, Engineering Mathematics
- Skills*:* Software Development, Project Management, System Analysis,
- Served as a volunteer in BICT for technical support for students' laptops and as Software developer

EXPERIENCE

Zatec   **Leipzig, German**
Full-stack developer   **Jan 2022 – Jan 2023**
- Developed client web applications using React, Vue, Tailwind CSS and Php - Laravel framework in backend for rapidly building custom user interfaces.
- Testing and debugging each feature developed, reporting and writing documentation

Andela   **Kigali, Rwanda**
Internship   **Jan 2022 – Nov 2022**
- Develop server-side web application using (REST API or GraphQL API) logic using Node.js, test and write documentation.
- Consume endpoints using JavaScript frameworks (React.js, Next.js) following best practice and coding standards, while working closely with other developers and product owners.

TWIS Ltd   **Kigali, Rwanda**
Lead Software Engineer   **June 2019 – Oct 2022**
- My responsibilities are to design, build and maintain our product (Web and mobile) and infrastructures with the development team, working hand in hand with the marketing teams in order to meet business process and application requirements.

SOLVIT AFRICA   **Kigali, Rwanda**
Apprenticeship   **Jan – Mar 2022**
- Developed server-side web application (REST API) logic using PHP as a language and Laravel as the framework and deployment
- Working together with the teams and gained Soft skills through presentation and interview practice.

NIKAO   **Kigali, Rwanda**
Mobile Application Developer   **Jan 2020 – Dec 2021**
- Developing new features and user interfaces from wireframe models with the best performance and user experience of the application
- Cooperating with back-end developers, designers, and the rest of the team to deliver well-architected and high-quality solutions.

EAST AFRICA CORPORATE RESERVATIONS   **Kigali, Rwanda**
IT Manager   **Feb 2020 – Nov 2021**
- My responsibilities included overseeing and maintaining all computer systems inside a corporation. They will maintain the seamless running of these services by monitoring their efficiency as well as security measures taken against any vulnerabilities in software programs utilized on a daily basis, ensuring secure operation across all departments.

NIKAO   **Kigali, Rwanda**
User Experience Designer   **Jan 2020 – Oct 2021**
- Create innovative product designs that are fresh and fulfill the requirements and wishes of customers. This is performed through creating design concepts, sketching ideas, and bringing them to life with high quality designs, as well as providing a pleasant User experience by choosing which one is most suited for the product, and successfully conveying all of this so engineer can implement them.

VOLUNTEER

Positiveo-Sparkpluss   **Gauteng, ZA**
Front-end Developer | React Native   **Oct 2022 - Present**
- My responsibilities are to implement new features, fix bugs, write test and improve existing application.

BICT Rwanda   **Kigali, Rwanda**
Technical Support and Maintainer   **Oct 2018 – Dec 2019**
- My responsibilities included configuring computer systems, diagnosing hardware and software failures, and solving technical and application difficulties for the company and students, as well as making repairs and providing troubleshooting help.
